### DETAILED ACTION

Prior office actions are hereby incorporated in this office action by reference. This communication is in furtherance of the decision rendered by the Board of Patent Appeals and Interferences on 31 January 2006.

- Claims 1, 4, 5, 9, 16, 17, 20, 21, 25 and 32-35 were amended on March 23, 2004.
- Claims 1-35 are allowed as per the January 31, 2006 decision rendered by the Board of Patent Appeals and Interferences.

### *Allowable Subject Matter*

Claims 1-35 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Patent No. 5,910,987 A1 to Ginter et al. and U.S. Patent No. 5,671,412 to Christiano.

As the rendering of the decision by the Board of Patent Appeals and Interferences on 31 January 2006 clearly states, as per claim 1, the closest prior art of record Ginter et al. in combination with Christiano fail to specifically disclose associating a second field with an electronic property and having a historical order of transfer of rights (p. 6). While the Board "agree[s] with the examiner that the type and content of the data may not necessarily distinguish the nonfunctional descriptive data from other nonfunctional data," the Board concludes that although the prior art stores ownership or transfer of rights "with respect" to the electronic property, the data isn't stored "with" the electronic property (pp. 6-7).

As per the Board decision, the prior art of record failed to specifically teach the element/step of independent claims 1, 17 and 33, namely, "associating a second field with the

Art Unit: 3621

electronic property, wherein the second field includes a list of owners having an order according to a historical order of transfer of rights to the electronic property between a plurality of owners.”

Claims 2-16, 18-32, 34 and 35 are dependent upon claims 1, 17 and 33 and thus have all the limitations of the corresponding independent claims and are allowable for the reason stated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
